

**ATHLETIC TRANSPORTATION**

In most cases, the Laguna Beach School District will be providing transportation to and from athletic events. There are some special situations when we do not provide transportation. For example, we do not provide transportation on weekends or school holidays. Also, in some cases, when there are only a small number of of athletics traveling, we may ask parents to drive.

**PROVISION FOR TRANSPORTATION BY PARENT - RELEASE**

When transportation is provided, a coach may require his/her athletes to ride the bus to and from the game. With the coach's permission and this signed form, a parent may transport his/her student to or from an event any time during the sports season.

I understand that I am not allowed to transport any other team member to or from an athletic event.
